

Weed Warriors getting started

The getting started checklist

Once you are able to tick the items on this list, you are fully prepared and ready to register your initial Weed Warriors school.

- I have read the Weed Warriors for Key Contacts information sheet.
- I have determined my target education level – primary or secondary school.
- I have selected an appropriate school to participate in the program.
- I have engaged the selected school and sent them an invitation letter, the Weed Warriors for teachers information sheet and registration form.
- I have identified a suitable weed to target in the program.
- I have identified a suitable biological control agent to use in the program.
- I have determined the timing and duration of the program.
- I have broadly identified an area suitable for biological control.
- I have identified mentors for the program.
- I have engaged the selected mentors and sent them an invitation letter and the Weed Warriors for mentors information sheet.
- I am aware of the materials I will need to run the program.
- I have completed and returned the Weed Warriors registration and agreement form.
